

INDUSTRIAL HOSE

PRESSURE WASHER / CLEANING HOSE

## PRESSURE WASHER / CLEANING HOSE

### PROUDLY SERVING THESE INDUSTRIES:

Automotive  
Pressure Cleaning  
Facility Maintenance  
Food Washdown  
Pulp & Paper  
Farming  
... And many others!

**GOODYEAR**  
ENGINEERED PRODUCTS

FROM FLOORS TO FOOD STATIONS,  
GOODYEAR ENGINEERED PRODUCTS  
HAS THE PRESSURE WASH AND CLEANING  
HOSE YOU NEED TO GET THE JOB DONE.

#### P R E S S U R E   W A S H

Goodyear Engineered Products pressure washer hose, including the innovative non-damming SpiraFlow®, provide reliable heavy-duty service for consistent performance, easier movement and faster completion of jobs.

#### C L E A N I N G   E Q U I P M E N T

Asphalt to automobile, Goodyear EP makes a hose specialized for your cleaning needs, such as the Gauntlet® hose. Available in a wide variety of diameters, temperature ranges and working pressures, you're sure to find the perfect hose for your application.

#### F O O D   W A S H D O W N

Goodyear EP has a variety of hose designed specifically for the unique needs of food preparation, bottling, meat packing and similar industries. Of note is the Fortress® hose, which incorporates Microban® antimicrobial protection for safer food handling.

#### W A T E R   W A S H D O W N

Goodyear EP maintains a range of rugged and long-lasting hose for water washdown applications, such as the Sureline® hose. Exceptional kink-resistance keeps the water flowing uninterrupted.

## GALVANATOR™

Unique rust-resistant reinforcement and abrasion-resistant cover provides maximum protection against the adverse effects of water, oil and animal fats for longer hose life and fewer service requests.

- Working pressure up to 3000 PSI
- Temperature for 3000 PSI from -20°F to 250°F (-29°C to 121°C)
- Not recommended for steam service.
- Cover Color: \* Black, Yellow

## GAUNTLET®

Available in a variety of diameters and pressures, the Gauntlet® hose is designed for pressure washing applications with a super abrasion-resistant cover providing maximum protection against the adverse effects of oil and animal fats.

- Working pressures from 1500 to 4500 PSI
- Temperature for 1500 PSI from -20°F to 200°F (-29°C to 93°C)
- Temperature for 3000 and 4500 PSI from -20°F to 250°F (-29°C to 121°C)
- Not recommended for steam service.
- Cover Color: \* Black, Yellow

## NEPTUNE™

With a variety of diameters and pressures, the Neptune™ hose is versatile enough to serve numerous applications, including agricultural spraying and high-pressure washing.

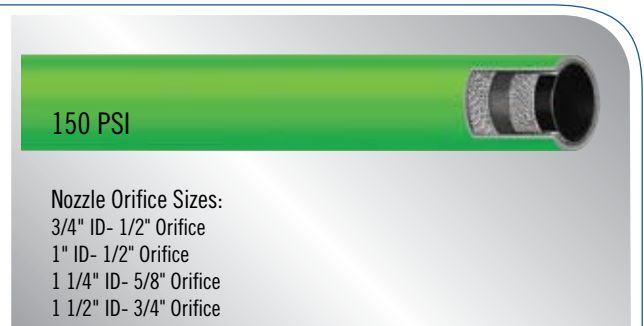

- Working pressures from 1500 to 6000 PSI
- Temperature for 1500 PSI from -20°F to 200°F (-29°C to 93°C)
- Temperature for 4001-R, 4500, 5000 and 6000 PSI from -20°F to 250°F (-29°C to 121°C)
- Not recommended for steam service.
- Cover Color: \* Black, Blue, Red, Yellow, Gray

## PLICORD® WASHDOWN

A quality water discharge hose well-suited for environments typically found in paper mills and other industrial operations.

- Available with optional integral rubber tapered nozzle
- Working pressure up to 150 PSI
- Temperature for 150 PSI from -25°F to 200°F (-32°C to 93°C)
- Cover Color: \* Black, Green, White

## PULP & PAPER WASHDOWN

Heavy-duty water discharge hose with outstanding kink-resistance for washdown applications in pulp and paper mills.

- Available with optional integral rubber tapered nozzle
- Working pressure up to 300 PSI
- Temperature for 300 PSI from -25°F to 200°F (-32°C to 93°C)
- Cover Color: Black

300 PSI

Nozzle Orifice Sizes:  
 3/4" ID- 1/2" Orifice  
 1" ID- 1/2" Orifice  
 1 1/4" ID- 5/8" Orifice  
 1 1/2" ID- 3/4" Orifice

## SANI-WASH™ 300

Designed for food processing and similar applications, Sani-Wash™ 300 is an economical hose for lower-pressure, hot water usage.

- Working pressure up to 300 PSI
- Temperature for 300 PSI from -40°F to 200°F (-40°C to 93°C)
- Rated for hot water use up to 205°F
- Cover Color: White

300 PSI

## SPECTRA®

A high-quality yet economical choice for food processing and similar applications, the oil-resistant cover provides good protection against the adverse effects of oil and animal fats.

- Working pressures from 300 to 3000 PSI
- Temperature for 300 PSI from -20°F up to 200°F (-29°C to 93°C)
- Temperature for 1000 and 3000 PSI from -20°F up to 250°F (-29°C to 121°C)
- Spectra 1000 and 3000 not rated for steam service.
- Cover Color: \* White, Yellow

300 PSI

1000 and 3000 PSI

## SURELINE®

Suitable for many different industrial, construction and agricultural water discharge applications, Sureline® is the reliable choice for a general service water hose.

- Wide range of diameters
- Working pressure up to 150 PSI
- Temperature for 150 PSI from -40°F to 190°F (-40°C to 88°C)
- Cover Color: \* Red, Black

150 PSI

## WHITEWATER® STEAM

Developed for the unique demands of steam cleaner machines or combination steam cleaner/pressure washer machines, Whitewater® delivers durable and reliable service.

- Handles steam at 325°F (163°C) and 350 PSI
- Handles hot water at 250°F (121°C) and up to 3000 PSI (2500 PSI on 1/2")
- Not recommended for cold water service.
- Cover Color: \* Black, Red

3000 PSI / 350 PSI STEAM

## SPIRAFLOW®

Specifically developed for the pressure washer industry, the innovative continuous spiral groove on the heavy rubber cover helps prevent damming, which can cause clean spots.

- Working pressure up to 4000 PSI
- Temperature for 4000 PSI from -20°F to 250°F (-29°C to 121°C)
  - Available in 50', 75', 100', 150' or 200' coupled lengths
  - Cover Color:\* Blue, Gray, Black

4000 PSI

## FORTRESS®

For hot water and pressure washing applications, the Fortress® hose is super abrasion and oil-resistant to combat the adverse effects of oil and animal fats for long-lasting, reliable service. Fortress hose cover incorporates Microban® antimicrobial built-in product protection.

- Working pressures from 300 to 3000 PSI
- Temperature for 300 and 1000 PSI from -20°F up to 200°F (-29°C to 93°C)
  - Temperature for 3000 PSI from -20°F up to 250°F (-29°C to 121°C)
  - Cover Color:\* Yellow, Red, Blue

\*Not all products and sizes are available in all colors.

*Many of our high-performance pressure washer /cleaning hose are designed to handle multiple applications.*
