HOSE & RUBBER COMPANY

*a SunSource Company*

# Reel Catalog

## Hose, cord and cable reels

**READY**  
WHEN YOU ARE.

We're Florida's Master Distributor for:

[amazonhose.com](http://amazonhose.com)

\*Cabinets available for certain reels.

# REEL TYPES

\*Hose reel models are sold with or without hose assemblies.

## Air Hose Reels

General Air Hose  
*Spring Rewind*

REELSAFE® Air Hose  
*Spring Rewind*

General Air Hose  
*Hand Crank*

Enclosed Air Hose  
*Spring Rewind*

## Water Hose Reels

Contact us for specialty reels!

General Water Hose and Hand Cart  
*Hand Crank*

Potable Water Hose  
*Spring Rewind*

Stainless Steel Water Hose  
Corrosion Resistant  
*Spring Rewind*

General Water Hose  
*Spring Rewind*

General Water Hose  
Heavy Duty  
*Hand Crank*

General Water Hose  
Light Duty  
*Hand Crank*

## Oil Hose Reels

General Oil Hose  
Vehicle-Mount / Heavy Duty  
*Spring Rewind*

General Oil Hose  
*Spring Rewind*

General Oil Hose  
*Motor Driven*

\*Cabinets available for certain reels.

# REEL TYPES

\*Hose reel models are sold with or without hose assemblies.

## Grease Hose Reels

General Grease Hose  
*Spring Rewind*

## Static Discharge Bonding Reels

Retractable Bonding Reel  
*Spring Rewind*

## Twin Hydraulic Hose Reels

General Twin Hyd Hose  
*Spring Rewind*

## DEF & Fuel Hose Reels

General DEF Hose  
*Spring Rewind*

General Fuel Hose  
*Spring Rewind*

General Fuel Hose  
Vehicle-Mount / Heavy Duty  
*Spring Rewind*

## Welding Hose Reels

Single Line Welding Hose  
*Spring Rewind*

Twin Line Welding Hose  
*Spring Rewind*

Contact us for specialty reels!

## Cord & Cable Reels

Triple Outlet Power Cord Reel  
*Spring Rewind*

Indoor/Outdoor Weather Resistant Power Cord Reel  
*Spring Rewind*

- Additional Products:**
- Vacuum hose reels
  - Chemical delivery reels
  - Storage reels
  - Tool balancers
  - Accessories

## Reelcraft: Better by Design

Reelcraft's reels are better by design because of their lasting commitment to excellence. Their engineering team is well known for designing durable, high quality products. Their standard

features include durable, corrosion-resistant powder coat paint, multi-position guide arms for versatile mounting options, and heavy-duty, reinforced steel stampings for increased

strength. Their reels are permanently factory-lubricated for a long, trouble-free service life. All of these features, and many more, add up to make "The Reelcraft Difference."

### Reinforced Steel

The steel-stamped guide arm is reinforced to reduce bending due to angular pull.

### Improved Connection

The elongated brass connector and proprietary adhesion process provide a better crimp to the hose.

### Stress-Free Swivel

Their full-flow design combines the highest grade seal design with supporting bearing surfaces to ensure the longest possible life.

### Corrosion-Resistant

Steel components are individually powder coated to virtually eliminate corrosion.

### Long Service Life

Field-proven swivel assures long service life.

### Kinkless Hose

High quality PVC hose is specially blended for use on reels.

### Sealed Connection Points

Swivel and hose inlet connections seal against leaks.

### Adjustable Guide Arm

Multiple guide arm positions provide versatile uses and easier field adjustment.

### Trouble Free Performance

Fewer components

### Long Life Drive Spring

Drive mechanism is enclosed for protection against the environment. Declutching arbor virtually eliminates possibility of spring damage due to reverse winding of reel spool.

### Robust Latch

Wide profile combined with special spring assures maximum service life.

### Structural Strength

Welded heavy gauge steel frame includes a robotically welded base with stiffening ribs for lighter weight, yet stronger components for ease of handling and installation.

### Easy to Mount

Attaches to most structurally sound surfaces. Edges are curved for safety.

### Finish with Quality

Their components undergo a special five-stage cleaning process and are individually powder coated for the highest quality paint adhesion. Excess powder is reclaimed to be environmentally friendly.
