Truck Spill Kit

The compact design of our truck spill kit allows for easy storage behind the seat or in a storage compartment. The kit allows drivers to act quickly when responding to a spill.

Model #	Mfg #	Description	Absorbs
SKB-U	OILM7000	Universal, in Clear Poly Bag w/Zipper	5 gallons

Poly-Zip Bag Kit Contents

10 Pads (15" x 19"),
3 Socks (3" x 4'),
2 Disposal Bags w/Ties,
1 Pair Nitrile Gloves

55-Gallon Spill Kit

Kit Contents

1 55-gallon Drum, 50 Pads (15" x 19"), 12 Socks (3" x 4'),
8 Pillows (18" x 18"), 1 Pair Goggles, 5 Disposal Bags w/Ties,
1 Pair Nitrile Gloves, 1 Emergency Response Guidebook

Model #	Mfg #	Description	Absorbs
SPK55-U	OILM7071	Universal	44 gallons

Rescue Tape®

- > 950 PSI tensile strength
- > Resists 500° F
- > Resists fuels, oil, acids, solvents, salt water, road salt, UV rays
- > Insulates 8,000 volts

Most versatile tape on the market, even better than duct tape. Repair leaking hoses and insulated wires, or use it in place of heat shrink tubing. This is a self-fusing silicone repair product for emergencies and all-purpose repairs. By wrapping it around and onto itself, Rescue Tape® will quickly and easily create a permanent, airtight, watertight seal in just minutes or even seconds. You can repair leaks on hoses, pipes and air lines, or use it on electrical wiring and as shrink wrap.

Model #	Mfg #	Description	Color	Packaging
TPE102	TPE1002	Standard Size, 1" wide x 12'	Black	36/case

Universal Dimpled Meltblown Pads & Rolls

Dimpled sorbents are constructed with 1 ply of meltblown polypropylene. These pads are universal so they are used to absorb oil, water and water-based chemicals. Dimpled pads and rolls share the same features as bonded-SM pads and rolls without the added layer of spunbond. By not adding the extra layer of spunbond, it makes the pads and rolls more economical. The dimpling process increases the strength and durability of the pads and rolls so they can be perforated like a paper towel.

Model #	Mfg #	Description	Absorbs	Packaging
DP9G	PMGB100	15" x 18", Medium Wt. Pads	20 gallons/bale	100/bale
		15" x 150', Double Wt.	44 gallons/roll	2 rolls

Roll Rack

This freestanding horizontal roll rack keeps rolls off messy floors for easy access when you need them. Fits any roll up to 32" wide.

Model #	Mfg #	Description
OILM5005	SRHRACK	Horizontal Sorbent Roll Rack, holds rolls up to 32" in width

Oil-Only Dimpled Meltblown Pads

Our dimpled sorbents are constructed with 1 ply of meltblown polypropylene. These pads and rolls are oil-only so they are used to absorb oil, gasoline and other oil-based fluids. Dimpled pads and rolls share the same features as our SM bonded pads and rolls without the added layer of spunbond. By not adding the extra layer of spunbond, it makes the pads and rolls more economical. The dimpling process still increases the strength and durability of the pads and rolls so they can be perforated like a paper towel. Perforations will help reduce waste and allow you to use the exact amount needed for the job.

Model #	Mfg #	Description	Absorbs	Packaging
DP9W	PMWB100	15" X 18", Medium Wt.	20 gallons/bale	100/bale

Sticky Back Mats

Needle-punch polypropylene sorbent with a poly coated backing mixed with adhesive.

Our adhesive poly-backed mats absorb:

- ◆ Oils
- ◆ Coolants
- ◆ Solvents
- ◆ Water

Sticks firmly to the floor and leaves no residue after retrieval.

Won't slide or buckle, which prevents accidents.

Cut to size for various aisle lengths.

Light weight for easy transport and deployment.

Wet-vac, brush, or vacuum our product for continued use.

Sticks and removes from the floor with ease.

Fabric collects oil, dirt, mud, and rainwater.

Low-profile design great for preventing tripping.

Durable geotextile is an excellent anti-fatigue matting.

Great for work stations and entrance ways.

Impermeable poly backing stops liquids from leeching through to the floor.

Holds up to foot and forklift traffic.

Alert CAUTION Sorbent Pads, Rolls, Pillows, and Socks

Studies show that slips and falls are a leading cause of workplace injuries and deaths. With this in mind, facilities should be supporting efforts to create and maintain a safer work environment for their staff.

Safety first! Caution pads, rolls, socks, and pillows are made with a bright yellow polypropylene fabric and can be used to absorb, oil, water, and hazardous chemicals. The bright yellow color with the wording "CAUTION" in multiple languages helps to alert employees. Alerting employees will help prevent accidents from happening while promoting a culture of safety in your work place.

- High-visibility mat design features multilingual safety messages and symbols to alert workers about potential workplace hazards
- Abrasion-resistant top layer on the pads and rolls gives strength for everyday cleanup jobs

Newly designed flat socks are super thirsty. The flat design makes it less of a trip hazard and takes up much less space while storing.

- Universal absorbency means one product for multiple liquids
- Quickly absorbs leaks, spills and overspray to keep floors dry

Alert CAUTION Pads & Rolls

Alert CAUTION Pads

Equipment Diaper

Used to protect flooring and or the environment from oil and petroleum leaks caused by leaking equipment and machinery. A replaceable sorbent pad in the center of each Equipment Diaper collects the fluids that may leak from the chassis of the equipment while the durable PVC containment sheath prevents any leaked fluids from hitting the ground even when fully saturated. Use the Diaper on the ground or secure it to the chassis using bungee cords through the precut grommets on all 4 corners.
